

Cut Your Bowel Maintenance in Half!

The Magic Bullet®

Laxative Suppositories

Concepts In Confidence offers a different, faster acting, safe and sure 10mg. bisacodyl suppository called The Magic Bullet®! To see the difference, compare it to Dulcolax, other bisacodyls, Theravac/Enemeez, and Ceo-Two. The Magic Bullet® is designed to help minimize the cost and excessive time involved in most bowel programs.

The Magic Bullet® does not use an oil base (hydrogenated vegetable oil) as does Dulcolax and other bisacodyls, where the oil base has to melt before the bisacodyl can stimulate the bowel to contract and push out the stool.

The Magic Bullet® stimulates the bowel as our base is water soluble (polyethyl glycol) and causes our bisacodyl to disperse within minutes after insertion. The sooner the stimulation begins, the sooner the movement is completed ... meaning less time on your bowel program.

Our users have found that with the use of The Magic Bullet® suppository, they have better evacuations in shorter periods of time. They have written to say that it gives them more confidence, and that, indeed this product is THE MAGIC BULLET® suppository.

A Natural Colon Cleanser

Magic Cleanse™

Dietary Supplement Capsules

Magic Cleanse® should produce fuller movements with greater ease and in less time. It helps soften the stool and brings it down lower in the bowel.

Magic Cleanse® provides a complete balance of botanical components which encourage regularity and cleansing of the digestive tract. The enzyme delivery system assists in the delivery of the botanicals as well as the breakdown of solid waste.

Magic Cleanse® can be used in conjunction with the Magic Bullet® or can be used by itself. This product is very predictable and takes 10 - 12 hours to work effectively.

The probiotic core, lipase etc., helps to restore a healthy intestinal flora.

INGREDIENTS: Cascara Sagrada Bark, Prune fruit, *n-zimes (Lipase, Cellulase, Amylase, Protease), Barberry Root Bark, Caraway Seed, Fennel Seed, Yellow Dock Root, Ginger Rhizome, Parsley Leaf, Aloe Vera Leaf Conc., Chlorella & Spirulina algae

Better Digestion = Better Elimination

Enzyme Magic™

Digestive Enzyme Capsules

Regular use of digestive enzymes and botanicals in combination will help your system correct problems associated with: gas, constipation (hard stool), loose stool, bloating and indigestion... and thus promoting better health, digestion and elimination.

Enzymes are catalysts that help the body perform many of its functions. These include the digestion and elimination of food. The cooking and processing of food destroys the enzymes, which are necessary for digestion and other life functions.

Enzyme Magic has been developed using a blend of digestive enzymes and several botanicals. When taken together with meals, Enzyme Magic can promote a better and more complete digestion and elimination.

INGREDIENTS: Peppermint(leaf), Chamomile(flowers), Ginger(rhizome), n-Zymes (a Proprietary blend), Protease 4.5, Amylase, Protease 6.0 (concentrate), Glucoamylase, CereCalase, Invertase, Bromelain, Alpha-

galactosidase, Protease 3.0, Malt diastase, Celluase, Lipase AN, Papain (sulfite-free), Peptidase, Lactase, Gelatin, Rice bran, Water.

Help Flush Away E-Coli!!

Mannose Magic™

Digestive Enzyme Capsules

While Cranberry supplements work well for many people, there are those of us who need something else. If this is the case for you, then our new Mannose Magic® may be exactly what you've been looking for.

The Mannose molecules collect in your urine. When E-Coli bacteria are present they hook onto the Mannose rather than the bladder wall. These bacteria are now encapsulated by the Mannose Magic. Upon urination these bacteria are flushed away.

If the E-Coli bacteria are constantly flushed away with the Mannose, it will help stop these bacteria from causing UTI's.

As 90 percent of UTI's are caused by E-Coli, taking this product on a regular basis will help you maintain a healthy urinary tract.

CCMM60 60 Capsules \$24.95

Promote A Healthy Urinary Tract

Cran Magic+™

Dietary Supplement Capsules

Cran Magic+® capsules have been developed using a blend of ingredients that when taken together can promote the health of the bladder, the kidney, and the entire urinary tract.

This combination of cranberry, zinc, herbs, vitamins, and enzymes provide for anti-adherence properties, healing properties, immune system enhancement, and anti-inflammatory benefits.

Cranberry has been specifically studied and found to contain phytochemicals known as proanthocyanidins, which help maintain healthy flora in the urinary tract. Cranberry also keeps the bacteria from sticking to the cells lining the urinary tract.

INGREDIENTS: Cranberry fruit concentrate, Vitamin C, Vitamin E, Zinc, *n-zimes, Parsley leaf, Green Tea extract, and Uva-Ursi leaf
